

*The End of May already, Yikes! This week I have rounded corner shapes as the freebie. I found in Design Space it is tough to make corners rounded, but with these shapes, it is so easy! Go to the bottom of this newsletter for access (these will not be put into the resource library).*

### *June is Here!*

We are still being impacted by stay at home with limited openings of restaurants. Finally Hobby Lobby is open again. I hope there is not too long a lineup to get in and spend money. I must admit I have missed shopping at craft stores. I hope you are able to get all you need as well. On the other hand, I am loving purchasing online because I don't need to lineup. The biggest challenge for me is the fact that I have to learn to be patient when it comes to getting stuff right away. Anyway, that is my take on it.

Be Safe and Healthy!

## This Week's Blog Article - How to Make a 3D Frame Box

There is no better way to display art than with a 3D frame you have made yourself. I often get handmade cards and love to display them. I also found that my shelves were getting over run with cards and I needed a solution other than buying expensive frames. Making this template solved my problem, I can now frame cards and hang them on the wall! I do hope you will like making these as much as I did.

BTW - if you missed any of these newsletters, the archives are in the [resource library](#) - at the end of the list of files.

## My Color Palette For This Week - Hydrangea

I have a lot of hydrangea in my garden and all have a different color that is related to the soil they are growing in. This one is my favorite. I love the blue tones!

## Video of the Week - How to Make A Paper Wallet Gift Card

Nothing is better than receiving money from someone! Why put it in an ordinary card if you can make this incredible paper wallet, stuff it with money, and give it to your favorite Grad!
