

BettesMakes Weekly Newsletter June 27

Welcome to all my new subscribers! I know you are going to love our community!

Each week, you will receive my newsletter which has a project or two you can make plus a FREE downloadable you will not find in the resource library. This week I have Shells for you! Just go to the bottom of the newsletter to get your FREE downloadable.

What is New this Week?

I am so excited! I have been invited to give a workshop for this years' Holiday Maker Fest! I will let you know more when the time gets closer, but it will be free to attend live in November. I feel so honored to be a part of this fest.

The flash sale for my latest guide was a tremendous success. And thank you to those that took advantage of the big discount! I know you will absolutely love everything that is inside. If you missed out on this flash sale, *I am going to extend the pricing for this weekend only*. The book normally sells for \$44 and for my subscribers, it will be only \$19.

The guide is called "*Cricut Design Space Mastery - The Ultimate Guide*" and it is 166 pages of everything that is in Design Space and how to access and use it. If you are just a beginner, you will certainly want to grab a copy while it is on sale.

Congratulations! The winner of the survey prize is Elaine Rogers - please email me (Bette@BettesMakes.com) with your address so I can send you your mini-press!

The extra gifts for participants will be on it's way Monday - so check your email then.

This Week's Blog Article - [How to Make a Stencil and Using it to Make a Card](#)

I love making projects where beginner's can get their hands on it and be successful. This stencil making tutorial is no exception. If you do not know how to make a stencil, then this is for you. You will absolutely amazed at how simple it is to make a stencil from almost any SVG file you have.

BTW - if you missed any of these newsletters, the archives are in the [resource](#)

[library](#) - at the end of the list of files.

My Color Palette For This Week - Sunbird

I chose this particular image because of the rainbow of colors it offered. I cannot take credit for the image as it is a Bing image but it sure caught my attention. Be sure to check out my huge collection of color palettes in the blog. Just scroll through and pick something you like. They are all FREE to use as a basis for any of your crafting projects.

Video of the Week - [3DTeapot](#)

This week you can take the challenge of making a 3D Teapot. If you don't have a Cricut, you can still cut this by hand - load the SVG into Design Space and then print it!
