

## BettesMakes Weekly Newsletter July 4

*Canada just celebrated Canada Day and today is Independence Day in the USA! I hope everyone is having fun and celebrates safely.*

*Each week, you will receive my newsletter which has a project or two you can make plus a FREE downloadable you will not find in the resource library. This week I have SVGs for Grandma's Day! Just go to the bottom of the newsletter to get your FREE downloadable.*

*I just found this glue and I am so excited about it!*

I love it when I find something that will help me make my mats tacky again after cleaning them. I received my package a couple of weeks ago so I could test the product. I am so excited - the stick returned without any issues and I have been using my old mats again. It is called [Zig Two Way Glue](#) - it dries permanent when you stick things together or if you let it turn white it stays tacky! I know getting excited over glue is strange but when you are constantly searching for a good glue that will make your mats tacky again and you find one, you are going to share it everywhere!

## This Week's Blog Article - [Creative Handmade Birthday Card Using Stickers](#)

This is a classic card to make with cut outs and the addition of glitter stickers on the front of the card. The unique front shape lends itself to the use of many different types of cardstock. For this make I use 3 different types of cardstock, one double-sided, one shiny sticker paper (you could use vinyl here), and one for the inside. I also used a scrap piece of glitter cardstock to make the backing for the cut out hearts. I hope you have fun with this one - it is a quick make that can look so elegant.

BTW - if you missed any of these newsletters, the archives are in the [resource library](#) - at the end of the list of files.

## My Color Palette For This Week - [Dandelion](#)

I chose this because they are in full bloom all over the west coast. Walking along the seawall, they covered the shoreline with their brilliant yellow color!

## Video of the Week - Another 3D project - [Spinning Pinwheels](#)

Time to make some pinwheels for the garden! These are very easy to make - add grommets for the middle and your pinwheel will spin with ease.

## Take Another Peek Inside My Resource Library

I have been adding lots of templates and downloadables lately, so do not miss out on those extras! For all the FREE files that have been posted to BettesMakes.com blog, just go to my [resource library](#) and download anything you wish. The Password for newsletter subscribers is love
