

For the Love of Crafting

Each week, you will receive my newsletter which has a project or two you can make plus a FREE downloadable you will not find in the resource library. This week I have SVGs for "a New Card Design"!

This is a new design that I have been working on and will be a part of my new Card Design Compendium! I am giving you the link right into Design Space so you will have all the score lines set in place.

What to look forward to this Month!

September always has the tingle of excitement with school going back into session, fall sports activities get underway, and thinking about shopping for the holidays is creeping out of the back of your mind. So much to plan and do before the year ends. This is open season for crafters and what we can create as the days shorten and the cooler season starts to settle in.

1. This month, by popular vote, I will be putting into place a give-away program.
2. I will be releasing a Workshop series on all things Cricut with the most asked for topics being taught. This series will be another "live" program that will be held on Saturday mornings. Be sure to keep an eye out for the announcement as there will be an introductory deal and a limited audience for the first 3 sessions. Each session will be approximately \$27 and you can get all 3 for \$49 (save \$32). ***If you are interested in being on the wait-list before the official opening, just reply to this newsletter with "I'm in! - Save my spot" and you will be the first to get the announcement.***
3. I have had lots of questions about making cards - especially folding them. Most of you felt the plain one fold was OK, but you really wanted to do more. My next guide is planned for release next week and has dozens of folds you may have never seen before. I have been working hard testing

tolds you may have never seen before. I have been working hard testing each of my designs to make sure they work and look amazing when you use them for your own card-making sessions.

4. The Complete Cricut Design Space Classroom course will continue throughout this month and next - I just love my students, they are extremely happy and are learning much more than they thought they would for a Cricut Design Space class. This class will not open again until January.

Just a reminder: [Cricut](#) has a really super program called Access, where you can get a lot of free images and other items. Make sure you visit their site and add those extra goodies to your account. You can cancel at anytime if you do not like the program.
