

Each week, you will receive my newsletter which has a project or two you can make plus a FREE downloadable you will not find in the resource library. This week I have SVGs for a top tab divider for your planner, including Happy Planner holes that can be cut with your Cricut! Scroll down to the bottom of the newsletter to get your file.

Halloween Fun

Halloween costume parties are not likely to be as big as they were last year. My family has decided to make their own costumes and have a fun home party! All the kids will be making a special treat for everyone - this way we can fill our treat bags with gooey treats - we are 8 people so that means 7 different yummy things plus a surprise craft! I can hardly wait to start making my own things (not too sure what I will make right now but I am sure I will find something at the very last minute!)

What is happening for you and your neighborhood this Halloween? Are you dressing up, do you have something in mind for the kids in the area? or Are you just laying low?

It is a tough decision as you want to keep everyone safe and healthy and have fun at the same time. It is important to take some time to have a chance to enjoy the day and be distantly social!

What do you think of making a pumpkin mural with removable vinyl? All you need is a pumpkin SVG file and make it a large mural (bigger than mat size). In order to make it with your Cricut, then split it up into mat sized pieces and put it back together on your wall. (If you got my email earlier this week, all the steps you need were included.) This is one project you will have a lot of fun making - you can make the faces separately (in removable vinyl) and change them up daily or every few days - fun as you can mix and match eyes, noses, and smiles.

A couple of newsletters ago there was a pumpkin project you might like to try -

This divider has the tabs at the top! I often found I was sticking pieces of paper as bookmarks and writing on them so I know what to find but often those papers were just there as bookmarks. This week's freebie will allow you to add your own words to the tab and use the cut holes so your divider fits just right into your Happy Planner. If you do not have a Happy Planner then just remove the cut lines for the Happy Planner holes. You will find this freebie in the resource library! Look for design #283
