### ***April is National Letter Writing Month!***

I must admit I do a lot of writing but never in the form of a letter. I think about what I would like to tell people and it seems to just stay in my head. I know I should write people more often, even if it is in email format, to let them know I am thinking of them and how much I appreciate being a part of their world.

Today, my letter is to you, , I want you to know that I truly appreciate you being a part of my crafting community and that I value the time you spend with me each week. Without you, my world would be very lonely. I love having crafting friends to share everything with. Once again, thank you for allowing me into your world.

## Try This New Project!

This project came about from seeing something that a brochure maker was doing. They used the edge fold as a tear off coupon but I wanted to change it into something much better. As I have a maker and have not found too many designs using the Perf tool, this project fit the bill! I made a book mark on the flap and used the perf tool so that the recipient of the card could tear off the bookmark and use it long after the card has been tossed.

If you do not have a maker, you can replace the perf line with short lines that are to be cut.

Give this fun project a try!
